MARKERBAND™

Be Seen | Be Safe

Our new, streamlined LED Marker Band™ is everything a nighttime runner wants a safety device to be: lightweight, adjustable, flexible, long lasting, and, most importantly, effective. (Which makes it useful for a lot of other things, too.)

Here's the perfect way for early morning/nighttime runners to stay safe and seen in the dark. The Nite Ize® Marker Band™ is a surprisingly thin, durable polymer strip encased in sturdy nylon fabric, decorated with a reflective pattern for extra visibility. Its fully adjustable elastic band and quick release buckle allow you to wear it snugly and comfortably around your upper arm, and its efficient (100,000 hour) LED bulb makes you clearly visible by other commuters for up to a mile away.

Long-lasting, weather-resistant, and durable, the Marker Band™ is also great for increasing safety when working, cycling, or walking at night (excellent for trick-or-treaters), as well as generally increasing both visibility and the fun factor in nighttime lawn and party games. Choose from two modes—steady glow and continuous flash. Powered by a 2032 3V lithium battery (included).

- ⊕ Bright Red LED for Active illumination – Glow or Flash Modes
- ⊕ Passive High Visibility Reflective Pattern
- ⊕ Lightweight, Flexible design
- ⊕ Easily replaceable batteries included (1 x 2032 3V Lithium)
- ⊕ Adjustable size elastic strap fits: 5.5" – 25.5"
- ⊕ Product Dimensions: 6.8" x 1.4" x 0.9"
Weight: 1.5 oz

Retail Packaging
Dimensions:
9.4" H x 4.0" L x 0.4" D

CLIP-ON MARKER™

Be Seen | Be Safe

With a durable plastic clip that's easy to attach, remove, and reattach, our new, streamlined LED Clip-On Marker™ has as many uses as there are rings, loops and buckles in the world.

Here's a handy way to create flexible, two-sided illumination almost anywhere, over and over and over again. An ecologically responsible alternative to disposable chemical glow sticks, the Nite Ize LED Clip-On Marker is a flexible polymer strip encased in lightweight, durable nylon fabric. Decorated with a reflective pattern for extra visibility, the Clip-On Marker is illuminated on both sides by an efficient (over 100,000 hour) LED bulb and powered by a 2032 replaceable battery (included). Lightweight, thin, and weather-resistant, its sturdy plastic S-Biner Clip can be attached to almost anything with a hook or ring—from zippers and tent lines to belt loops and bicycle seats. It has a D-ring on the opposite end, too, so you can also clip it to itself and create a loop of light to wear on your wrist, or wrap around anything up to 3" in diameter. The bright red LED has two modes to choose from—steady glow or continuous flash. Perfect for creating safety visibility in any situation—every glove box should have one!

- ⊕ Bright Red LED Illumination – Glow or Flash
- ⊕ Lightweight, flexible design
- ⊕ Passive High Visibility Reflective Pattern
- ⊕ Easily replaceable battery included (1 x 2032 3V Lithium)
- ⊕ 100 hour battery life
- ⊕ Product Dimensions: 10" x 1.4" x 0.2"
Weight: 1.2 oz

Retail Packaging
Dimensions:
11.5" H x 4.0" L x 0.25" D

RIDE LIT™

LED Bike Light

The RideLit LED provides clear, obvious visibility for people who cycle at night. Its adjustable elastic band attaches to your ankle to create a moving circle of light or can be attached to the handlebar or bike seat post.

Cyclist who ride at night or early in the morning know how crucial visibility is to their safety. Our RideLit was designed to make riders clearly visibly when riding in low light conditions. It's bright LED can be seen for up to a mile away, and can be set to either steady glow or flash modes. The elastic strap is adjustable and removable, so you can wear, hang or attach it wherever you like for "see and be seen" visibility. We also included a hook & loop adhesive so you can opt for a semi-permanent placement on the back of your bike. Powered by 2 long-lasting lithium batteries (included).

- ⊕ Available in Red LED
- ⊕ Package includes RideLit LED Light and:
 - 1) adhesive hook & loop for attachment to front or rear of bicycle.
 - 2) adjustable, removable elastic strap with quick release buckle for hanging or wearing.
- ⊕ Glow & Flash modes
 - Run Time Glow Mode: 20 hours
 - Run Time Flash Mode: 25 hours
- ⊕ Easily replaceable 2 x 2016 3V lithium battery included
- ⊕ Weather resistant
- ⊕ Simple push-button on/off operation

Retail Packaging Dimensions:
6.3"H x 4.5"W x 1"D
160mm H x 114.3mm W x 25.4mm D

BIKELIT™

LED Bike Light

Our BikeLit LED provides clear, obvious nighttime visibility to cyclists, coming and going.

Cyclists who ride at night/early morning know how important it is to see and be seen by their fellow commuters. That's why we designed our BikeLit to not only light your way, but also immediately signal your bike's front/rear orientation to oncoming traffic. Like the universally recognized headlights and taillights of a car, the BikeLit comes in two colors: white attaches to the front cables, (illuminating the path ahead and letting people know you're coming their way), and red clips to the rails under the seat (clearly marking the rear of your bike). Attachment is quick and easy - no tools required.

The long-lasting LED of our BikeLit emits a bright, ambient glow that can be seen up to a mile away. Two modes to choose from - steady beam and continuous flash. Water-resistant, it's powered by two replaceable batteries (included), to keep you and your bike safely seen in the dark for years to come.

- ⊕ Available in Red and White combination pack
- ⊕ Weather resistant
- ⊕ Easily replaceable 2 x 2016 3V lithium battery included
- ⊕ Easily attaches to any bicycle - no tools required
- ⊕ Glow and Flash Modes
- ⊕ Battery Life:
 - 20 hours Glow Mode
 - 25 Hours Flash Mode
- ⊕ Weight: .8 ounce / 23 grams

Retail Packaging Dimensions:
5"H x 2.6"W x 0.9"D
126mm H x 66mm W x 22.9mm D

NITE IZE

SPOKELit™

LED SPOKE LIGHT

With our LED SpokeLit on your bicycle wheel, you'll be clearly visible on your nighttime spins, in (if we may say so ourselves) a very cool way.

The easy-to-attach Nite Ize LED SpokeLit is the perfect way to increase your visibility, safety, and cool factor when you're riding your bike in the dark. Fueled by an efficient LED, this handy little device has two illumination modes - steady glow and continuous flash - to choose from. Press it onto the spokes of your wheel and slide towards the rim until the fit is tight, and it stays securely in place. And, here's the fun part: the SpokeLit not only marks your bike plainly in the dark, when you're riding at medium speed or faster, it creates the attention-getting effect of a moving circle of light. Water and shock resistant, it fits almost all kids' and adults' bike sizes.

- ⊕ Fits most common 3 spoke cross pattern wheels
- ⊕ Easily attaches - no tools required
- ⊕ Stays secure, even during off-road riding
- ⊕ Shock and weather resistant
- ⊕ Available in 4 bright LED colors: Red, Blue, Green, and Disc-0 (micro chip controlled - cycles through the color spectrum)
- ⊕ Now available in a 2 pack featuring 2 Disc-0 SpokeLits
- ⊕ Easily replaceable 2 x 2016 3V lithium battery included
- ⊕ Battery run time:
 - Glow mode: 20 hours
 - Flash mode: 25 hours

Two-Pack (Disc-0)
Retail Packaging Dimensions:
7.5" H x 5.3" W x 1" D
190.5mm H x 134.6mm W x 25.4mm D

Single Pack
Retail Packaging Dimensions:

124.5mm H x 134.6mm W x 25.4mm D

NITE IZE

TWISTLIT™

LED BICYCLE LIGHT

Our customers ride bicycles of every size, at all hours of the day and night. This means they need a one-size-fits-all way to be seen and be safe, coming and going, from dusk 'til dawn. Hello, TwistLit.

With a quick turn of the wrist, the versatile, visible TwistLit attaches to anything on wheels, making it easy to spot in every kind of light. Featuring a long-lasting LED module encased in specially formed housings, the TwistLit is designed with a curved back that rests snugly against the round surfaces on your bike or scooter. Grooves on each side hold sturdy, flexible rubber Gear Ties in place - with ends to wrap through, over, around, or under the front and rear of bicycle handle bars, seat posts or racks of nearly any size. Twist closed, and you're done. The bright, long-lasting, battery-powered LED is activated with a simple push of a button--white in front illuminates your path and tells people you're heading their way, red clearly marks the rear wheel and signals your orientation to other commuters, and multi-colored Disc-O is the universal signal for wild and crazy fun. Endlessly versatile, secure, and easy to reposition, the TwistLit is perfect for bikes, scooters, jogging strollers—anything on wheels you want people to see.

- ⊕ Available in Red, White and Disc-O LED Colors
- ⊕ Available as a 2 pack featuring both White & Red LED Color options.
- ⊕ Glow and Flash Modes
- ⊕ Weather resistant
- ⊕ Battery Run Time: 20 Hours Glow | 25 Hours Flash
- ⊕ Easily replaceable 2 x 2016 3V lithium battery included
- ⊕ Easy to attach and detach - no tools required!
- ⊕ Includes two 7" Gear Ties to easily grip to nearly any bike surface.
- ⊕ Gear Tie Technology - Tough rubber shell provides excellent grip anywhere on your bicycle, but won't scratch or mark.
- ⊕ Gear Tie Technology - Strong internal wire that holds its shape.
- ⊕ Gear Tie Technology - Quick and easy to securely attach and detach.
- ⊕ Gear Tie Technology - UV resistant - will not be damaged by extended sun exposure.
- ⊕ Product Dimensions: 7" x 2.5" x 1"
Weight: 1 ounce

NITE IZE

SEE'EM™

MINI SPOKE LIGHTS

Designed to clip quickly and securely onto almost every type of bicycle spoke, See 'Ems are brilliant at keeping night and early morning riders safe and visible.

When the light is poor, Nite Ize See 'Ems turn bicycle wheels from "hard to spot" to "impossible to miss." Easy to attach and reposition and molded of tough, durable plastic, they're backed with stainless steel clips specially designed to snap securely onto oval, round, and bladed (flat) bicycle spokes. A bright, long-lasting LED (powered by a replaceable lithium battery) is activated by a simple twist, and can be seen in even the darkest night to keep you seen and safe while riding your bike. Not only that—when the wheels are spinning, See'Ems create the ultra-attention-getting effect of a moving circle of light. Use one or several on each wheel to create your own signature bands of color.

- ⊕ Bright LED illumination – Available in Purple, Blue, & Pink LED colors, along with our classic LED colors: Red, and Green
- ⊕ Now available in a 4 pack featuring 2 Red, 1 Blue and 1 Green See'Em
- ⊕ Twist on/off
- ⊕ Glow mode – compact, convenient illumination
- ⊕ Battery Run Time: 24 hours
- ⊕ Includes easily replaceable batteries – CR 927 3V Lithium
- ⊕ Weather resistant
- ⊕ Easy to attach and remove on most common spoke types – oval, round and bladed (flat)
- ⊕ Product Dimensions: 1" x 1" x .75" (single unit)
Weight: .18 oz (single unit)
- ⊕ NOT FOR USE WITH CARBON SPOKES

BUGLIT™

LED Bike Light

With its whimsical design and serious functionality the Nite Ize® BugLit™ - LED Bike Light keeps you safely visible on those early morning/late evening rides - with distinction!

The BugLit™ - LED Bike Light puts an innovative twist on bicycle safety with its universally recognized white (for front) and red (for rear) lights, to keep your bike safely seen by other commuters when you're out riding in the dark. The BugLit™ - LED Bike Light body is actually our powerful INOVA® Microlight—a tough micro LED flashlight encased in a durable polycarbonate plastic housing, with four functions (high power, low power, strobe, and signal). This bright LED has an effective range of up to 50 feet, and one-mile visibility. Securely attached legs are two flexible, "grippy" 6-inch Nite Ize® Gear Ties®, which can be wrapped around your bike's handlebars, basket, frame, bike rack or seat post. The lightweight plastic S-Biner® also allows you to hang or attach it to any convenient location. The BugLit™ - LED Bike Light's legs also fold neatly around the body for compact attachment to zippers or keys.

- ⊕ Available in Red & White LED colors
- ⊕ Four functions – High, Low, Strobe and Signal Mode
- ⊕ Includes easily replaceable batteries – 2 x 2016 3V Lithium
- ⊕ Weather resistant
- ⊕ Easy to attach and detach - no tools required!
- ⊕ Features Gear Tie® Technology
 - Can be easily removed and replaced
 - UV resistant – will not be damaged or destroyed by extended sun exposure
 - Strong wire inside holds its shape to attach securely wherever you twist it!
 - Won't scratch or mark
 - Twist it, tie it, reuse it
- ⊕ Size #0 S-Biner® is a durable, lightweight double gated carabiner clip – attach or store nearly anywhere!
- ⊕ Try it packaging

LITERIDE GT™

Universal Flashlight Mount

Durable, lightweight, and versatile, the Nite Ize® Lite Ride GT™ instantly turns nearly any handheld flashlight into a bright, powerful bike light—no tools required!

Simply slide your barrel-shaped handheld flashlight into its grooved, thermoplastic rubber base, adjust the two bendable 9" Gear Ties for a secure fit, and twist their ends tightly around any bicycle handlebar—viola! Instant bright, directed light that not only alerts others to your presence, but also illuminates the path ahead for a doubly safe ride in the dark. Constructed with strong internal wires, the Gear Ties hold their shape wherever you twist them. Their soft, durable external rubber won't scratch or mark surfaces, and they can be twisted and untwisted hundreds of times, so you can move the Lite Ride GT™ to other bikes, wrap it on any other bars, poles, or straps to hang or create directed light where you need it. You can even shape the Gear Tie® ends into "feet" and create a hands free flashlight to use while making roadside repairs.

GEARTIE™
TECHNOLOGY

- ⊕ Universal Flashlight Mount - Fits most flashlights & handlebars
- ⊕ Simply slide a handheld flashlight under the flexible Gear Tie® Reusable Rubber Twist Ties™ on the Lite Ride GT™, secure onto any handlebar and twist tight.
- ⊕ Easy to attach and remove, no tools required
- ⊕ Remove and prop or hang Gear Ties for hands free lighting to assist in roadside repairs or as a signal light.
- ⊕ Features Gear Tie® Technology
 - Can be easily removed and replaced
 - UV resistant - will not be damaged by extended sun exposure
 - Strong wire inside holds its shape to attach securely wherever you twist it!
 - Won't scratch or mark

SADDLELITE™

LED Bike Bag

The SaddleLite LED Bike Bag provides convenient storage and added bright LED visibility-perfect for cyclists who want to be prepared and safe in dark and inclement weather.

Every cyclist knows it's smart to take along some basic tools, an extra tube, patch kit, and maybe a canister or two of CO2 before you head out-especially on those longer rides. Our SaddleLite LED Bike Bag packs all of that, and has the added plus of a bright red, weather-resistant LED sewn into its reflective back, which creates a tail light that oncoming traffic can see when you're riding in the dark. A quality saddle bag made with recycled PET water-resistant fabric with a roomy bright white interior for easily finding items. Outlined with a passive reflective trim and a bright LED with two modes - press once for steady glow, twice for continuous flash (the specially-designed loop behind it makes it easy to activate). It's also removable so the bag can be washed without damaging the light. The attached flexible, reusable Gear Tie allows for safe, easy, and adjustable seat post installation, and the SaddleLite's reflective trim provides secondary passive visibility for added safety. Powered by two replaceable 2016 lithium batteries, included.

- ⊕ Recycled PET water-resistant fabric
- ⊕ Bright white interior material to easily see bag's contents
- ⊕ Interior mesh pocket to hold credit cards, ID, keys, money, and other small items.
- ⊕ Bright Red LED - Glow & Flash Modes
- ⊕ Battery Run Time: 20 Hours Glow | 25 Hours Flash
- ⊕ Features easily replaceable 2 x 2016 3V Lithium Batteries
- ⊕ Be Seen & Be Safe!
- ⊕ Passive reflective trim
- ⊕ Attaches easily to seat rails with hook & loop strap and to seat post with Gear Tie Reusable Rubber Twist Tie - no tools required
- ⊕ Features Gear Tie Technology
 - Can be easily removed and replaced
 - UV resistant - will not be damaged or destroyed by extended sun exposure
 - Strong wire inside holds its shape to attach securely wherever you twist it!
 - Won't scratch or mark
 - Twist it, tie it, reuse it

HELMET MARKER PLUS™

LED

Attached securely onto your helmet, the active LED illumination and passive reflectivity of the Helmet Marker Plus provides added visibility in the dark of night.

The Helmet Marker Plus makes you clearly obvious from behind in dark and inclement weather. The included hook-and-loop strips allow for the secure placement of your choice on your helmet. It features a surprisingly thin, durable polymer strip encased in weather-resistant nylon fabric, decorated with a reflective pattern for extra visibility. Press once for steady glow, twice for continuous flash, put your helmet on, and your helmet becomes a beacon that makes you brightly obvious to the cars/skiers/cyclists behind you. The bonus Gear Tie Reusable Rubber Twist Tie offers a convenient second attachment option-just twist the ends to secure the Helmet Marker Plus around your seat post, backpack strap, handlebars, baskets, or rack.

- ⊕ Bright Red LED Illumination - Glow or Flash Modes
- ⊕ Passive High Visibility Reflective Pattern
- ⊕ Easily replaceable 1 x 2032 3V lithium battery included
- ⊕ 75 hour battery life
- ⊕ Lightweight, flexible design
- ⊕ Easy to attach and remove - no tools required
- ⊕ Features strong hook & loop fastener to attach to nearly any helmet
- ⊕ Features Gear Tie Reusable Rubber Twist Tie for additional attachment options.
- ⊕ Features Gear Tie Technology
 - Can be easily removed and replaced
 - UV resistant - will not be damaged or destroyed by extended sun exposure
 - Strong wire inside holds its shape to attach securely wherever you twist it!
 - Won't scratch or mark
 - Twist it, tie it, reuse it

LED SPORT VEST™

BE SEEN | BE SAFE

The Nite Ize® LED Sport Vest™ is perfect for early morning and late night runners, bikers, and anyone else who wants to be seen and safe on dark roads and trails.

This lightweight, fashion-friendly black mesh vest is made with 3M Scotchlite™ reflective material, and features two illuminated flexible polymer strips (front & back) that can be set to one of two bright LED Light modes: steady glow or flash. Wearing this vest when you're heading out for a run or ride in the dark is a comfortable, effective way to ensure you'll be highly, instantly visible to oncoming traffic. Universally sized with easily adjustable hook and loop at the waist, the LED Sport Vest™ is easy to slip on and off. Power/mode buttons are easily accessible on the front and back of the vest, and elastic sections with hook and loop closure allow adjustment at the waist for a snug fit. Two long-lasting, easy-to-replace batteries are included.

- ⊕ Bright Red LED illuminated Horizontal Stripes and vertical 3M Scotchlite™ reflective material are located on the front and back of the vest.
- ⊕ Bright Red LED illumination front & back – Glow or Flash Modes
- ⊕ Weather-resistant design and construction
- ⊕ Universal fit featuring an elastic side strap with adjustable hook & loop closure
- ⊕ 100 hour battery life - easily replaceable batteries included (2 x 2032 3V Lithium Batteries)
- ⊕ Product Dimensions: 21.0" x 14.3" x 0.3"
Weight: .31 oz

Retail Packaging Dimensions:
8.8" H x 9.9" L x 0.7" D

SPORT BELT

LED

Finally! A cool, comfortable way to be safe and seen when you're running, hiking, biking, or walking in the dark.

The LED Sport Belt is streamlined and lightweight, making it the perfect bulk-free, all-weather, all-season way to be visible when you're out in the dark. Made of durable, weather-resistant nylon, it's flexible and comfortable to wear. The LED is simple to activate-press once for steady glow and twice for flash mode. Its webbed reflective pattern provides secondary passive visibility for added safety, and its 2" width allows you to easily attach most conventionally-sized water bottles and energy gels. The on/off switch is lockable and the bright red LED is powered by three AAA alkaline batteries (included, and easily replaced) that provide 200 Hours of illumination (in Glow Mode).

- ⊕ Adjustable elastic waistband fits sizes 30" - 49"
- ⊕ Bright Red LED for Active illumination - Glow or Flash Modes
- ⊕ Battery Run Time: 200 Hours
- ⊕ Passive High Visibility Reflective Pattern
- ⊕ Lightweight, Flexible design - comfortable to wear
- ⊕ Weather resistant construction
- ⊕ Easily replaceable 3 x AAA Alkaline batteries included
- ⊕ Product Dimensions: 36" x 2" x 0.75" | 91.44 cm x 5.08 cm x 1.91 cm
- ⊕ Product Weight: 5.57 oz | 158 g

Retail Packaging
Dimensions:
12.4" H x 3.3" L x 1.2" D
315mm H x 82.6mm L x 30.8mm D

SLAPLIT™

LED SLAP WRAP

A slap on the wrist: not always such a bad thing.

Remember slap bracelets, from when you were a kid? The SlapLit™ features that same "slap it to snap it" technology with an added dimension of LED illuminating functionality. Made of durable nylon patterned with a reflective spider web design, the SlapLit™ is powered by a bright, easy-to-activate LED that lights up the entire wrap. Turn it on, slap it on your wrist, upper arm, or ankle (or any tubular-shaped object, for that matter), and you've got instant nighttime visibility. Lightweight and durable, the SlapLit™ is perfect for after-dark lawn games; running, walking, or cycling at night; and outdoor evening concerts and events. Use and reuse countless times—the SlapLit can be straightened with a simple twist of the thumb and stored flat, or hung in its straightened form and used as an LED marker beacon.

- ⊕ Bright Red LED for active illumination – Glow or Flash Modes
- ⊕ Passive High Visibility Reflective Pattern
- ⊕ Includes easily replaceable battery – Single 2032 3V Lithium Coin Cell
- ⊕ Battery run time: 100 hours
- ⊕ Product Dimensions: 13.9" x 1.5" x .4"
- ⊕ Product Weight: 1.5 oz

Retail Packaging Dimensions:
8.3"H x 3.5"W x 2"D
210.8mm H x 88.9mm W x 50.8mm D

WRAPLIT™

LED Utility Light

Sometimes, you need focused bright light in remote, awkward, or hard-to-access places. The WrapLit™ is perfect for those times.

The WrapLit is two clever devices in one. We've securely attached the tough INOVA® Microlight to our durable, flexible 18" Gear Tie™, creating a whole new category of versatility and usefulness. Encased in durable polycarbonate plastic housing, the battery-powered Microlight has four functions (high power, low power, strobe, and signal). Its focused, bright white LED has an effective range of up to 50 feet and one-mile visibility. The Gear Tie, with its strong, bendable wire interior and sturdy rubber exterior, can be configured and reconfigured at either end, so you can position the light from almost any angle imaginable. Loop to hang, twist to attach, bend to prop—even wear the Gear Tie around your neck for hands-free illumination, precisely where you need it.

- ⊕ Four Functions – High Power, Low Power, Strobe, and Signal Mode
- ⊕ Bright White LED
- ⊕ Push button switch
- ⊕ Run Time (up to): 22 hours
- ⊕ Effective Range (up to): 50 ft (15.24 m)
- ⊕ Signal Visibility (up to): 1 mile (1.61 km)
- ⊕ Battery Type: 2-2016 Lithium batteries included
- ⊕ Easy-Open/Snap-shut construction for effortless battery replacement
- ⊕ Gear Tie Technology:
 - Tough rubber shell provides excellent grip but won't scratch or mark.
 - Strong internal wire that holds its shape.
 - Quick and easy to securely attach and detach.
 - UV resistant – will not be damaged by extended sun exposure.
- ⊕ Product Dimensions: 5.5" x 3.1" x .50"
Weight: 0.85 oz

MOONLIT™

LED Area Light

With the Nite Ize MoonLit™, you can prop, twist, hang, loop— even wear—bright ambient light, anywhere you need it, everywhere you go.

The Nite Ize MoonLit can be used and reused in countless configurations—it's an easy, handy way to shine ambient light from almost any angle. We've connected our famous SpotLit to a bendable, durable 18" Gear Tie, using a slimline stainless steel crimp connection. The long-lasting LED bulb has two functions—steady glow and continuous flash—and emits light bright enough for reading fine print. Wind the MoonLit around tree limbs, tent poles, bed posts, or make a loop at one end and hang it from a hook for steady ambient overhead light. Set in flash mode and wrapped around bicycle handlebars, backpack straps, or even your arm, the MoonLit keeps you safely visible in the dark. Water-resistant, long-life, replaceable battery included.

- ⊕ Bright White LED Area Light on the end of an 18" Gear Tie Reusable Rubber Twist Tie
- ⊕ Weather resistant
- ⊕ Push button switch
- ⊕ Glow and flash modes
- ⊕ Battery run time: Glow mode: 20 hours | Flash mode: 25 hours
- ⊕ Long life, replaceable batteries included (2 x 2016 3V Lithium)
- ⊕ Gear Tie Technology:
Tough rubber shell provides excellent grip but won't scratch or mark.
Strong internal wire that holds its shape.
Quick and easy to securely attach and detach.
UV resistant – will not be damaged by extended sun exposure.
- ⊕ Product Dimensions: 5.2" x 3.1" x .86"
Weight: 1.0 oz

LED RUN VEST™

RED LED

Streamlined and featherweight, our LED Run Vest is designed to keep you safe, seen, and light on your feet on those early morning/late-night runs.

We designed the LED Running Vest with serious runners in mind. Available in two sizes (S/M and L/XL), it's a sleek, comfortable, and functional way to be seen and safe on low-visibility, early morning, and late night runs. Made of lightweight, water-resistant mesh, its two illuminated flexible polymer strips (front & back) can each be set to one of two bright LED modes (steady glow or flash), and the sides are trimmed with 360° passively reflective safety accents. The power/mode buttons are easily accessible on the front and back of the vest, and easily adjustable straps at the waist can be cinched for a precise fit. Two zip closure pockets in the back are individually sized to hold everything you need for your run, with one of the back pockets featuring a weather-resistant design to keep your cell phone or other valuables safe if you get caught out in the rain. There's even a handy key clip for your home or car key.

- ⊕ The LED Run Vest is a comfortable, lightweight safety vest that features both bright, active LED illumination as well as passively reflective safety accents
- ⊕ Two sizes available – S/M and L/XL
- ⊕ Bright Red LED illuminated Stripes are located on the front and back of the vest, and can be turned on/off individually
- ⊕ Back zipper pockets with both mesh and weather-resistant pocket options that easily keep your personal items secure and available during your run
- ⊕ Back pocket includes handy key clip
- ⊕ Easily adjustable straps on both sides of the vest allow for precise fit for comfort while running
- ⊕ Bright Red LED illumination front & back – Glow or Flash Modes
- ⊕ Weather-resistant design and construction
- ⊕ Battery Run Time: 100 hours
- ⊕ Easily replaceable batteries included (2 x 2032 3V Lithium Batteries)
- ⊕ Dimensions S/M: 18.2in x 12.0in x .01in | 462.3mm x 304.8mm x .3mm
Dimensions L/XL: 20.8in x 13.6in x .01in | 528.3mm x 345.4mm x .3mm
- ⊕ Weight S/M: 2.8oz | 79.4g
Weight L/XL: 3.1oz | 87.9g

BRIMLIT™

LED Hat Light

Hands-free illumination, flexible construction, and versatile design—our BrimLit is a literal hat trick.

Flexible and lightweight, the Nite Ize BrimLit is a convenient, LED-powered hands-free light that clips easily and securely onto nearly any hat, cap, or visor brim. Formed from high-density EVA foam, the BrimLit slides underneath your hat's brim and easily accommodates its shape. Its two spring-tension clips automatically adjust to the brim's thickness, and a quick press of the button activates the BrimLit's four LED bulbs—choose high mode for more directed light or low mode for glow. Perfect for illuminating outdoor nighttime/early morning tasks around the campsite, in garage, hunting or fishing while keeping your hands free, as well as hard-to-reach jobs under cabinets and in a tight crawl space. Powered by two fully replaceable lithium batteries (included).

- ⊕ Available with 4 bright White LED lights.
- ⊕ Flexible design shapes to fit nearly any shape hat brim
- ⊕ Two easily replaceable CR2032 batteries included
- ⊕ Product Dimensions: 6.4" x 2.9" x .25"
Weight: 1.2 oz
